Found Valencia presents in exclusivity at the real estate market this incredible beachfront property on the charming island of Tabarca (Alicante). Located in the incredible natural setting of Tabarca Island the property has incredible unrestricted views of the Mediterranean Sea. Due to its incredible location the property is perfect for those who love nature, tranquillity and the natural spaces that surround it, having at the same time all the necessary services in the vicinity. The house preserves the traditional and bohemian air of the area, keeping the essence of the local houses, open to the spectacular Mediterranean Sea. The typical Mediterranean façade, the attic ceilings and the charming patio with direct access to the sea make this property unique in the market on its own. It has a surface area of 225 metres distributed over two floors, where we find an impressive terrace with 180° views of the sea, three large rooms, two of them with direct access to the terrace, two complete bathrooms, dining room, kitchen and a spectacular 30 square metre patio with direct access to the sea.
