

This stunning, modern project is to be built, situated in one of the finest spots of the Costa Blanca with unparalleled breathtaking views across the beautiful bay of Jávea: in the exclusive protected area of San Antonio overlooking the port in Jávea. Its location is totally privileged as it is surrounded by a green area that is protected and cannot be built on and enjoys panoramic views from the Cabo de San Antonio to the Cabo del Prim and the beaches of Jávea. The villa has been designed by an award winning architect and brings together a sculptured contemporary luxury design with an immense overhang structure and formidable views over the Mediterranean sea. The geometric purity and design of the house is transferred from the architectural composition to the execution of the smallest detail. State-of-the-art technical and constructive solutions have been chosen to transfer the latest market innovations to the home. All of this with the aim of achieving a luxury home with the highest performance and an exquisite design that gives the house exceptional warmth and comfort. To achieve all this, the best brands in the sector are being used. This luxury property Consisting of 4 bedrooms, 5 bathrooms plus a large internal garage, an indoor swimming pool and spa area, all with a spectacular and avant-garde design. The main living area is distributed in a diaphanous way, unifying living-dining room-kitchen, merging interior and exterior, and two bedrooms on the ground floor and on the upper floor there are two large bedrooms with spectacular views of the sea. The villa will be equipped for the latest technology including a Domotic system, central air conditioning, underfloor heating, security system, LED lighting and electronic blinds. The extensive outside area of the villa comprises many terraces for you to relax and enjoy the Mediterranean climate, a large private swimming pool and also a beautiful fully landscaped Mediterranean garden.
