We are delighted to present this beautiful 353 sqm villa on a plot of more than 12,000 sqm with magnificent views of the mountains and Biar Castle. It is located in a perfect environment to disconnect and enjoy nature. It is a luxury home built in 2018 equipped with every comfort, using high quality materials and great style. It is a smart home, completely automated. The house is distributed in two heights. Crossing a small bridge, we access through an impressive wooden door to the upper floor. We find an open space from which we can see the entire living room and kitchen. The Master Suite is located here, consisting of a Dressing, bathroom and bedroom with a panoramic view of the castle. In addition, we find another 4 bedrooms, and a full bathroom with a shower. The lower floor is an open space where we find the living room with a beautiful fireplace, the dining area and the very well-equipped kitchen. There is a bathroom with a shower and a spectacular Roman bath with capacity for up to 8 people. In addition, we find two more rooms and a third for the boilers, laundry, etc. From this ground floor we can go out to the terrace and part of the garden, from which we access the charming infinity pool with unbeatable views of the area. In the rest of the plot we find fruit trees such as olive trees, almond trees, cherry trees and many more. The garden is designed and cared for down to the last detail, with lighting in beautiful corners. This luxury home, in the middle of nature is a place where peace and tranquility immediately become part of your life.
