We present a exquisite property in Valencia city centre. The entire building represents 1 home. This one off property has been completely renovated in 2010 and offers a build size of 1413m2. Consisting of lounges, dining areas, large modern kitchen, 7 bedrooms, 5 bathrooms, exterior terrace with swimming pool, interior terrace, a private garage for 4 cars and an elevator and so much more. The floors are of marble and there is underfloor heating, restored wooden beams, solar panels, air conditioning and high quality porcelain tiles. The building also is wired for high speed fibre optic internet connection and all details have been attended to with the utmost care. The location is very much Valencia city centre and all the needed services are within walking distance, shopping, public transport, medical facilities, cultural and historic areas of Valencia. Viewing is highly recommended. Thank you for taking the time to view our presentation.
